SUMMARY

Professional Front-End Web Developer specializing in HTML5, CSS3, JavaScript, Bootstrap, and WordPress. I build modern, responsive, and user-friendly websites, including business websites, landing pages, portfolio websites, and eCommerce stores.

I focus on writing clean, maintainable code, optimizing website performance, and creating high-quality user experiences. My goal is to deliver reliable web solutions with excellent communication, on-time project delivery, and 100% client satisfaction.
